

City In Your Pocket

Pre-seed fundraising • €50K • Helsinki launch

The Problem

Cities Waste Capacity Every Day

- Restaurants have empty tables.
- Theatres have unsold last minute tickets
- Events have unsold seats
- Classes run below capacity
- Providers often realize too late that tomorrow will be half-empty.
- Existing marketing is too slow to respond instantly

People are nearby — but they never discover it in time

**SUPPLY AND DEMAND EXIST, BUT THEY DON'T
CONNECT FAST ENOUGH.**

The Product

A Live Map for City Life

Yazzo is a live map of what's happening nearby.

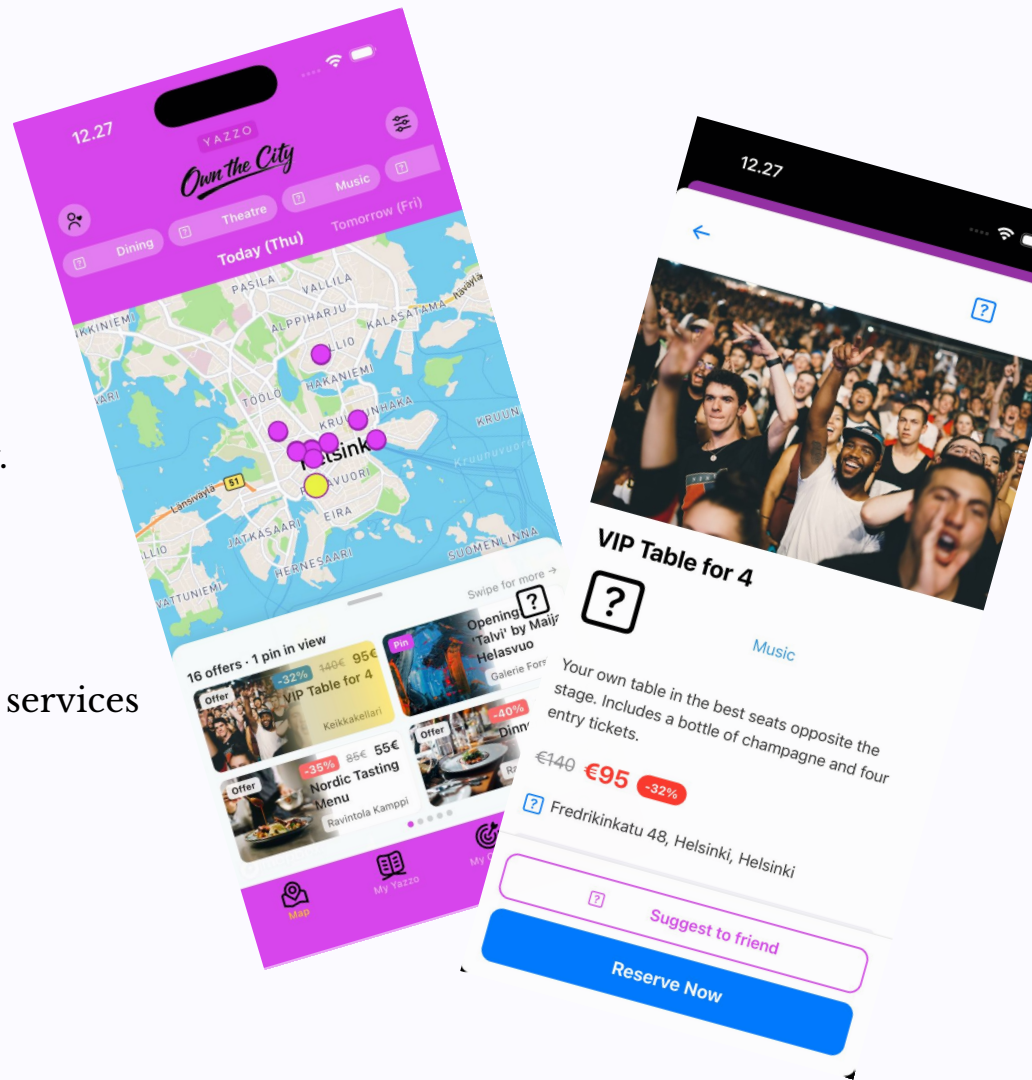

Businesses publish live offers and visibility

Users discover, reserve, and redeem instantly

Built for restaurants, theatres, events, and local services

Making spontaneous discovery easier

FAST- LOCAL- REAL TIME

The Market

Starting with Helsinki
